

K-Love brings hope to people accross the country. It is my favorite station and I don't want to imagine my life without it.

I have listened to it for years. I can listen to it in many states while traveling in the car. At home, I listen over the Internet sometimes all day while I do my artwork.

For a whole month, I didn't have the Internet and could not listen to K-Love. My artwork suffered and I did not feel as strong in my faith... I noticed a huge change in my life.

At this time when American's need hope, it just doesn't make sense to take our K-Love away from us! Because just like me, there are countless people accross the country whose lives would change. The impact would be devistating!!!
